Electronic Mesh Tarp

Fiber Dispenser System

Colour Metering System

Body

- Aggregate Bin Liner
- Rear Extension (26" or 52")
- Side Mount Diesel Engine Package
- Aggregate Bin Extensions
- Cement Fill Pipes
- Electric Tarp (Solid)
- Fender Upgrade (Aluminum, Stainless Steel, Plastic)

Application

- Heat Exchanger
- Additional Admix (3 Admix system, 4 Admix system)
- 12" Auger
- High Volume SCM Bin
- Low Volume SCM Feeder
- Additional Vibrators (4)

Safety

- Cement Bin Rear Folding Ladder
- Cement bin Safety Rails
- Water Tank Safety Rail
- Rear Safety Platform
- Strobe Lights

Additional

- Pressure Washer
- Auto-Lube System
- High/Low Cement Bin Level Sensors
- Additional Oil Cooler
- Auxiliary Water Tank
- Upgraded Hydraulic Pump Package
- Aggregate Verification Sensors

**Some features/options not available on all models.*

High performance in mobile mixers has a name, and it's ProAll. A new look and new technology exclusive to ProAll Reimer Mixers means it leads the pack in the way the world pours concrete. The P75 Commander and P75 Ranger promises a more capable, more precise and more responsive mixing experience—every time.

SPECIFICATIONS	P75
Production Capacity (m^3/yd^3)	7.5 / 10
Production Rate (m^3/hr) (yd^3/hr)	50 / 65
Aggregate Bin (m^3/yd^3)	4.6 / 6.05
Sand Bin (m^3/yd^3)	3.95 / 5.15
Cement Bin (m^3/yd^3)	2.85 / 3.7
Water Tank (l/US gal)	1550 / 410
Dual Product Admix. System (l/US gal)	3 tanks, 45 / 12

STANDARD FEATURES

Steel Fenders

2 Admix System

Wireless Remote Control

Electric Vibrators
